ABOUT ME

UX/UI Designer with **3 years of professional experience** in building intuitive, scalable digital products for SaaS, B2B, and AI-powered platforms. Skilled in **Figma, prototyping, and usability testing**, with strong knowledge of **user research methods, design systems, and agile collaboration**. Currently pursuing a Master's in User Experience Design at Technische Hochschule Ingolstadt. Excited to contribute to SAP Innovation Projects by combining design, research, and emerging technologies to create meaningful user experiences.
